**FAREHAM**  
BOROUGH COUNCIL

## A message from the Executive Leader of Fareham Borough Council, Councillor Seán Woodward

With summer here and (hopefully) some agreeable weather, there are plenty of exciting things happening in the Borough. Work on the new Holly Hill Leisure Centre in Sarisbury is progressing well and it is on target to open soon. The facility will include a 25m pool, gym and other exercise studios, so there'll be plenty of ways to get fit and active!

The warmer months mean loads of free fun activities for young people to take part in. Access All Areas will once again be running during the summer holidays for 11-16 year olds. There will also be a series of Play Ranger events for the younger ones to take part in, so no excuse for school holiday boredom! See page 13 for the dates and locations.

In April we joined with hundreds of venues across the country to celebrate The Queen's 90th birthday with a mass beacon lighting. Our beacon was lit at Portchester Castle in a fabulous family event (pictures on page 7).

You may have noticed some of the wonderful floral displays across the Borough. Our parks team has been hard at work planting blooms for everyone to enjoy. There has been another range of impressive entries for Fareham in Bloom this year; from private gardens, to town centres, to schools. I wish all the entrants luck as we await the results in September.

In May we held our annual Mayor Making ceremony at Ferneham Hall, welcoming our new Mayor of Fareham, Councillor Mrs Connie Hockley. Councillor Mrs Hockley will be supporting The Wessex Haven in Titchfield and Y-Services for young people as her chosen Mayoral charities. Look out for various events throughout the year, raising money for these two great causes.

**Finally, please do get in touch if you have any comments or suggestions for how we can continue to improve our Borough. I always appreciate hearing from residents and welcome new ideas.**

*Seán Woodward*

# DAEDALUS

## from vision to reality

Firmly on course to become the Solent's premier centre of excellence for aviation, marine and advanced manufacturing, Daedalus has seen some major developments in recent months.

### **New beginnings, new names**

Remaining constant to Fareham's vision for Daedalus, there is now a clear divide at Daedalus, creating two distinct business parks that have been renamed as a statement of intent for the future.

Taking its name from the eminent scientist Michael Faraday, **Faraday Business Park Daedalus** is an exciting hub for both established and new businesses. In May of this year new roads were completed ensuring access throughout the park, with Vulcan Way to the north and Spitfire Way to the south.

**Fareham Innovation Centre** achieved 100% occupancy less than one year after opening its doors and two years ahead of schedule. Comprising 24 offices and 15 workshops, the Centre provides occupiers with advice and support to help them start and grow their businesses and make those all-important connections.

Nine hundred students at Fareham College's **Centre of Excellence for Engineering & Manufacturing Advanced Skills Training (CEMAST)** are busy learning their craft for the future in an award-winning building.

DAEDALUS 

Daedalus Airfield becomes **Solent Airport Daedalus** – a name to reflect the importance placed on aviation to the site as a whole. In 2016 Regional & City Airports were awarded the contract to run the airport for the next five years. Against this backdrop of stability, and maximising the benefits of a fully refurbished runway and CAA licensing, Solent Airport Daedalus will not only continue to be popular with leisure visitors to the area, but also an important benefit for many of the aviation and aerospace businesses on site.

Visitors to the airport can now sit and soak up the atmosphere along with some refreshments courtesy of a new pop-up café on site.

Daedalus Drive, which connects Broom Way to the Waterfront side of Daedalus towards Stubbington Lane, is well underway and should be complete

later this year. The new road will provide easier access throughout the site including improved pedestrian access to the seafront.

Although Daedalus is now looking forward, the second phase **Swordfish Business Park**, takes its name from one of the earliest planes to fly from Daedalus.

Whilst there are still a good number of development opportunities available from both business parks, many companies are already in discussions with Fareham Borough Council about making a move to Daedalus once their existing lease has expired.

We are also working with businesses and organisations (such as National Grid and NATS) that are interested in bringing new facilities to Daedalus, and we will continue to listen to the views of local people as their proposals develop.

## COMING SOON...

The coming months and years will be an exciting time and we can expect to see:

- Plans for building a second phase of the Innovation Centre by early 2018
- Plans to lay roads and utilities on Swordfish Business Park, which would be accessed from the existing Gosport Road junction
- Plans for new hangars
- Plans to upgrade and refurbish the Airport facilities (eg the Control Tower, aircraft fuelling, etc) to attract new types of visiting aircraft.

# Lighting a Beacon for The Queen

On Thursday 21 April we joined the country in lighting a Beacon at Portchester Castle to celebrate The Queen's 90th birthday.

Over 1000 people attended, taking advantage of free activities and live music. A countdown then began as the Beacon was lit by the Mayor of Fareham 2015/16, which was followed by cheers from the crowd!

# MEET THE MAYOR

Fareham's new Mayor for 2016/17 is **Councillor Mrs Connie Hockley**. She has been the Member for the Titchfield Ward since 2002, but as we found out, politics isn't her only passion.

I have been interested in politics since my early teens. I started by delivering leaflets, before gaining my first Council seat for Fareham North West in 1991- 25 years ago!

Before getting involved in politics, I spent many years living and working in Africa. I was a PA for a while and also owned and ran a florist and hair and beauty salon in Zambia. I still like to visit friends in Africa as often as possible and love the way of life there.

My family keep me busy too. I have two grown up children, six grand-children, and an elderly Flat-Coated Retriever called Chaka (after a Zulu Chief!). My husband Geoff and I have been married for 52 years.

## What are you most looking forward to in your mayoral year?

It is such a varied role. I could be cutting the ribbon on a new building, attending a charity event, visiting schools or meeting other mayors. I'm really looking forward to meeting people out and about in the community, particularly young people. Being Mayor gives me a great opportunity to promote some really good causes and I'm especially looking forward to meeting the volunteers involved in my Mayoral charities and seeing how much we can raise for them.

## Tell us about those charities...

I have chosen to support two charities during my time as Mayor. The first is **The Wessex Haven** in Titchfield, which supports people affected by breast cancer. Six years ago I was diagnosed with breast cancer after a routine mammogram. I was lucky and they caught it early but I have lost two of my dearest friends to the disease.

My second chosen charity is **Y Services**, a Locks Heath based charity which provides youth work opportunities for young people. I believe that if we help and support our youngsters it will help them in later life; the more opportunities we can give them the better. I'll be organising a range of events in aid of both of these charities, and I look forward to seeing as many residents as possible coming along!

# Bringing people and parks together

We are justly proud of the horticultural diversity we have in the Borough, creating so much interest in our parks and green spaces with new and existing schemes added each year.

## Going Tropical

Following the stunning displays of spring, we now look towards the summer with both seasonal and permanent planting. From colourful baskets and floral delights, to the more naturalistic meadows and herbaceous borders, there is an ever changing array of beauty to be enjoyed.

A new theme for our seasonal planting that will start this autumn, ready to bloom next spring, will be 'Going Tropical,' taking the influence of plants from the far flung corners of the world in a kaleidoscope of colour.

## Planning ahead

Bulbs have been planted across our parks, verges and green spaces for the last 25 years and each year we add to this by encouraging local communities to plant them in their neighbourhoods.

Once again, free bulbs will be available to residents' groups, community organisations and schools, kindly sponsored by Fareham Shopping Centre.

To start next year's tropical theme, the variety will be an exotic mix of split Corona Daffodils with an array of unusual centres in rich, bright colours which will bloom around the end of March.

**To collect your free bulbs, all you need to do is turn up at St Margaret's Nurseries, St Margaret's Lane, Titchfield, PO14 4BL between 9am – 5pm from 7 – 13 September, with proof of your address (such as a utility or council tax bill).** You will be required to fill in a short form, specifying the location you intend to plant the bulbs (these are for planting in public green spaces where others can enjoy them). You will then receive planting information. Bulbs will be given on a first come first served basis and limited to two sacks per residents' group.

**For further information please contact: Matt Wakefield, on 01329 824543 or email: parks@fareham.gov.uk**

**It's not just Fareham's parks that take centre stage; we have an ever increasing number of residents supporting our community gardening activities.**

The Gardens Open Day is held annually and not only helps to raise money for charity but gives people the chance to learn from others and share a common interest.

Hundreds of people attend the event that profiles a diverse range of gardens, plant collections and landscape design.

This year's event will be held on **Sunday 24 July from 11am-6pm**, featuring eight stunning gardens. More information can be found at [www.fareham.gov.uk/farehaminbloom](http://www.fareham.gov.uk/farehaminbloom)

# CITIZEN AND YOUNG CITIZEN OF HONOUR AWARDS 2016

THERE ARE SOME PEOPLE IN OUR COMMUNITY WHO HAVE MADE A REAL DIFFERENCE TO THE LIVES OF OTHERS AND WE THINK THEY DESERVE TO BE RECOGNISED.

We run the Citizen and Young Citizen of Honour Awards every year, to show these people that the things they do really are appreciated. Meet our 2016 winners and read how they went above and beyond...

Joseph Tillotson

**SUPERSCORE 10**

KEY ATTRIBUTE:  
HELPING OTHERS

### Young Citizen of Honour: 4-11 yrs

Joseph wanted to help children who couldn't do all of the things he can do. He visited the The Rainbow Centre to see how they spend their time and to meet some of the children who go there. On his eighth birthday, Joseph decided to abseil down Fareham Fire Station, raising lots of money for the Centre to help the children that he met there.

Isaac Waddington

**SUPERSCORE 10**

KEY ATTRIBUTE:  
MUSICAL TALENT

### Special Achievement Award

Isaac was recognised for his special musical achievement on reaching the final of Britain's Got Talent in 2015. He finished fifth and has now been signed by television producer and music talent Scout, Simon Cowell.

Caitlyn Lowe

**SUPERSCORE 10**

KEY ATTRIBUTE:  
QUICK THINKER

### Young Citizen of Honour: 11-17 yrs

Caitlyn had to act quickly when she saw an elderly man had fallen in the road and was bleeding badly. Caitlyn made the man as comfortable as possible, called an ambulance and his family, and caught his dog that was running into the road. She waited with the man until further help arrived, potentially saving his life.

## Ken Moore

**SUPERSCORE 10**

**KEY ATTRIBUTE:  
HELPING OTHERS**

### **Citizen of Honour: 18+**

Ken is Chairman of the Titchfield Lunch Club, and runs the Warsash Lunch Club. He regularly cooks for both clubs, takes people to hospital appointments, does their shopping and generally gives a helping hand to anyone that needs it.

## Stewart Crowe

**SUPERSCORE 10**

**KEY ATTRIBUTE:  
COACHING**

### **Citizen of Honour: 18+**

Stewart is well loved and respected within the swimming community, having been connected with Fareham Nomads Swimming Club for over 35 years. During this time he has fulfilled many roles including Chair of the club and has been a coach for over 25 years. He has helped lots of children through local competitions, as well as many championships including Nationals and World Masters. Stewart also coached Vicki Sims, who won two silver medals as part of the 4x100m Freestyle and Medley relay team in the 1992 Barcelona British Paralympic Team.

## Jean Kingdom

**SUPERSCORE 10**

**KEY ATTRIBUTE:  
VOLUNTARY WORK**

### **Citizen of Honour: 18+**

Jean has played a key role in the Fareham in Bloom campaign and has been involved in the scheme for over 18 years, through both volunteering and by entering her own garden. She has successfully managed and developed the annual Gardens Open Day for more than 10 years, which has raised a substantial amount of money for charity.

## RPO Graham Gregory

**SUPERSCORE 10**

**KEY ATTRIBUTE:  
HELPING OTHERS**

### **Collingwood Cup**

The Collingwood Cup is presented to an individual or group at HMS Collingwood who have made a significant contribution to the community. Graham won this award for his Road Safety Campaign and community engagement, as well as his continued interaction with Hampshire Constabulary. Graham also regularly instructs children, young adults and cadets to sail at the weekends.

## Adam Pryce-Jones

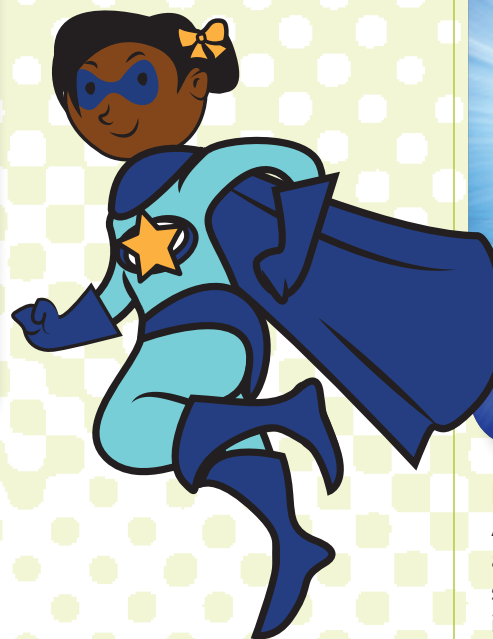

**SUPERSCORE 10**

**KEY ATTRIBUTE:  
DEVOTION TO DUTY**

### **Mayor's Cadet**

Adam is from Warsash Sea Cadets and will take part in various duties to support the Mayor throughout 2016/17, including attending civic events, wreath bearing, church readings and assisting the Mayor's Attendants.

**NOMINATIONS FOR THE 2017 AWARDS WILL OPEN LATER IN THE YEAR. FOR MORE INFO PLEASE VISIT [www.fareham.gov.uk/citizenawards](http://www.fareham.gov.uk/citizenawards)**

# FAREHAM PARKRUN!

Now that the weather is warming up, why not get out in the fresh air for a lovely 5km run? Ok, so 'lovely' may not be the right word to describe a jog for some of you, but if you join the Fareham parkrun it's sure to be more enjoyable than pounding the pavements on your own!

Following a Community Grant of £3,000 from Fareham Borough Council, **Fareham parkrun** was set up earlier this year to get people out and about and enjoy running. It's a free, weekly, 5km, timed run and is really easy to take part in.

You can take in the views as you run along the coastal path surrounding Cams Hall Estate and Golf Club. The route follows the easy access trail, so it's suitable for all ages and abilities. And you don't have to run the whole way! You can sprint, run, jog, walk; whatever you feel like.

The run starts and finishes at the Cams Mill pub (but please don't park there). Those who take part usually grab a post-run tea or coffee at Cams Mill. You could even grab a slice of cake too after all of your hard work. **Life's all about balance, isn't it?!**

If you fancy taking part in a Fareham parkrun or would like to find out more please visit [www.parkrun.org.uk/fareham](http://www.parkrun.org.uk/fareham)

#### IMPORTANT INFO!

- Make sure you register before you turn up
- Don't forget your paper barcode! You'll get this when you register. If you forget it on the day, you won't get a time
- Parking is not allowed at Cams Mill pub. You could park at Lysses car park, or get the bus or walk
- Fareham parkrun is organised by volunteers. If you don't feel like running but still want to be a part of it please email [farehamhelpers@parkrun.com](mailto:farehamhelpers@parkrun.com) to see how you can get involved.

# Home, sweet HOME

Many of us would like to reduce our impact on the environment – so wouldn't it be great if your home itself made it easier to be green!

**Six new properties with a difference have been built in Fareham. The homes in Allotment Road, Sarisbury Green, have been built to the Passivhaus standard – meaning they have state of the art eco heating systems.**

This means because of the actual design of the house (e.g. the location of the windows, use of solar energy and the thickness of the walls) there is little need to turn on the heating even in winter. As a result the properties have much lower carbon emissions than most other homes.

The properties are now being rented

to families on our housing list. Nicola was among the first to move in to one, along with her partner and three year old daughter. Nicola had previously been on the waiting list for three years and she told us their new home has changed their lives: *"We were all living in a one bedroom property before so my daughter couldn't have her own bedroom. Now she's got her own room and she's been sleeping really well. We've all found that we've been getting on a lot better as a family, because we've got our own space. I love the design of it too, people come round and say*

*'wow', it's really modern and airy. They've even thought of putting a waterbutt in the garden. We're made up with the place and can't wait to make it our own."*

The new homes were built by Interserve, and funded by Fareham Borough Council with help from the Homes and Communities Agency's Affordable Homes Programme. We now hope the project will set the standard for future house building in the Borough and help to reduce the area's environmental footprint – all while providing much needed homes for local families.

# WATCHING OVER FAREHAM

## What's it like to get paid to watch TV? In this case it's actually CCTV and no two episodes are the same!

Fareham Borough Council works in partnership with Gosport Borough Council to supply Closed Circuit Television in both boroughs. The cameras provide reassurance to the community, help with traffic management and are a valuable crime-fighting tool for the police.

There are 44 cameras across the Borough of Fareham which are monitored 24 hours a day, 365 days a year. Operators keep in close contact with local businesses and the police through radio systems, meaning officers can respond to any incident as quickly as possible. We visited the CCTV control room, where one of the operators told us more about the role...

*"The first thing I do when I arrive at the start of a shift is check for any updates on the radios, to see if we need to be monitoring any particular area. There are 15 screens in the control room, showing images from both fixed and rotational cameras. We continually receive information from local police, shops and pubs, who will alert us if they would like us to focus in on a certain area. We then feed back to them with updates so it's a constant two way process. My colleague on the previous shift will have logged any incidents*

*that I should be aware of, such as a road traffic accident or anti-social behaviour."*

### Some people worry that CCTV cameras invade their privacy...

*"We need special permission to watch an individual and we have to comply with both the Human Rights and Data Protection Acts. The set-up of the cameras prevents us seeing into people's homes and there are strict rules about who can access the footage."*

### "Helping people feel safe..."

*"I think people feel safer knowing the cameras are there, particularly in trouble hot spots, where they help deter anti-social behaviour because potential offenders know they're being watched. For local businesses, our cameras give them added confidence. We would routinely monitor cash in transit for example. Although some of the cameras are more than 20 years old, the technology is really impressive; we can zoom right in, even to read a number plate. There are two cameras on top of the Civic Offices, which can see as far as Osborne House on the Isle of Wight! It's a demanding role but it feels good knowing we're helping people feel safe."*

Councillor Trevor Cartwright (pictured above), portfolio holder for Public Protection, said: **"Crime is low in Fareham and with the help of the cameras we want to keep it that way. We want people to feel safe when they are shopping or enjoying an evening out."**

FIGHTING  
**FRAUD**  
in FAREHAM

Did you know that in 2015 almost  
£183,000 of fraud was uncovered  
in Fareham across our services?

## HOUSING FRAUD IS THE LARGEST GROWING LOSS TO COUNCILS

Housing fraud is one of the main types that we are cracking down on. We have an ever growing waiting list of families needing affordable housing so we need to make sure that all social housing properties are being lived in and by the correct person. Things that may mean housing fraud is being committed include:

- Providing false information in order to gain a Council or Housing Association property
- Unlawful subletting of part or all of a Council/Housing association property, usually for profit
- Wrongly taking over a tenancy when a tenant dies
- Empty/abandoned homes
- Selling keys
- Providing false information to help get a discount when applying to purchase a Council property through the Right to Buy scheme

### Report it to us

There are a number of ways that we uncover fraud but we do also need your help!

If you suspect that any type of fraud is being committed, please let us know.

We need to know things like:

- The name and address of the person suspected of fraud
- What fraud you think they are committing
- Description of the person
- Any vehicles associated with the persons committing the fraud
- Any routine of work patterns or leaving/entering a house
- Anything else you think may be relevant that will help us to catch the fraudster.

**Anything reported will be treated with the strictest confidence and you can remain anonymous if you would like to.**

You can find out more about Fraud either online at [www.fareham.gov.uk](http://www.fareham.gov.uk) and search 'Fraud' in the A-Z, or download our App where each of type of fraud is described and you can read about previous frauds uncovered by the Council.

### OTHER TYPES OF FRAUD WE LOOK AT

# Can your child swim?

Swimming lessons at Holly Hill Leisure Centre provide an ideal environment for your child to first gain water confidence, and subsequently develop excellent swimming technique within a structured programme. Lessons are only delivered by highly trained and qualified teachers, so you can be absolutely confident that we will provide you with the most comprehensive swimming development programme available in the UK, winning the ASA's 'Facility Operator of the Year' award for five years. To date, we deliver our scheme to over 100,000 students per week throughout the UK!

**The scheme can be joined at anytime and classes will be available seven days a week**

- ✔ Lessons operate 50 weeks a year, ensuring continuous progression and providing significant development opportunities for all students
- ✔ On-going assessment by our qualified teachers means that students can develop at their own pace, allowing them to move from group to group at anytime, and therefore, are not restricted by having to wait until the 'end of term' to progress to the next level
- ✔ Additional Preschool classes (for 3 and 4 year-olds) will be available, both daytime and after-school
- ✔ Students have the opportunity to achieve the ASA's Bronze, Silver, Gold and Honours Challenge Awards whilst in Stages 7-10
