

## Services for Young People

Y Services is a local youth work charity that was founded in 2011. Our mission is to support and develop the delivery of quality youth work that meets the needs of local children and young people.

Y Services deliver a range of projects across the Borough of Fareham that support children and young people in their local communities.

In 2015 we had 12000 attendances in our youth projects and over 1500 attendances at our play ranger sessions in Fareham.

Young people today are having to face increased challenges and pressures and our staff and projects aim to provide opportunities to support them. We provide opportunities for young people to stay safe, be healthy, make a positive contribution and enjoy and achieve.

The Wessex Haven is a unique national breast cancer charity. Wessex Haven provide a wide range of approaches and therapies to help people cope with the physical and emotional side-effects of

breast cancer and its treatment. Specialist cancer nurses and experts in emotional support, complementary therapies, healthy eating, exercise and stress reduction provide a tailor-made programme of supportive care to help anyone affected by breast cancer.

The Centre opened in October 2015 and are located in Titchfield. No Government grant funding is received so they rely on donations to operate the service.

Anyone affected by breast cancer is welcome including free counselling for family members and close friends. It doesn't matter where you live and no referral is required from a doctor.
